

## SOD SPECIFICATIONS

### Tuckahoe Bluegrass Sod Blend

30% P-105 Kentucky Bluegrass

30% Bewitched Kentucky Bluegrass

20% Midnight Star Kentucky Bluegrass

20% Moonlight Kentucky Bluegrass

Both varieties above are grown at our Hammonton, NJ farm on our Sandy-Loam soil.

Both varieties above can be harvested in "Big Rolls, Regular Cut", this is 250 square feet per roll (4'x62.5') with a ¼" soil below the thatch layer. The sod can also be cut in 10 square foot rolls (2'x5')

WE hereby propose to furnish the above materials as per your purchase order.

Respectfully Submitted:

James W Betts
